The News.

The steamship *Vanderbilt*, with Liverpool dates to April 28, arrived at New York yesterday. A synopsis of her news may be found under the telegraph head. The intelligence is not important. There was slight improvement in breadstuffs; the money market is better; the political news of no special interest.

Congress is hurrying up its business, so as to get through by the 10th or 15th of June. Our Legislature are also closing up their matters, intending to adjourn early next week.

Two of the Pennsylvania Banks, Crawford County and Tioga County, were thrown out yesterday by the New York brokers.

The New York markets for breadstuffs, yesterday, was dull and rather lower.

Money continues very easy and plenty, at 5a6 per cent, on good securities. Our own markets for wheat was heavy and lower, with considerable sales at the inside figures. Money continues very stringent. Exchange on New York ½ per cent at the Banks, and ¾ per cent street rates.

A collision occurred on Lake Ontario, Sunday, resulting in the loss of the Schooner *Arcadian*, bound to Oswego with a load of wheat. No lives lost.

The weather yesterday was raw and unpleasant; a bleak north-easter blowing all day.

A Disabling Act.

The Richmond *South*, commenting upon the English Kansas act, puts the case thus:

"If Kansas does not enter the Union now, she will have no power to form a new Constitution *for several years to come*, without an act of open rebellion against the United States. The new bill is a disabling act in this particular."

Or in other words, if Kansas will consent to come in as a *Slave* State, she can come in *now*: but if she insists upon being FREE, she must wait "several years" for admission. Such, in brief, is the English "dodge" and the Buchanan "settlement!"

THE PRUSSIAN EXTRADITION CASE AT PADUCAH, KY.—It seems that although Distling was discharged by Judge Williams at Paducah, his troubles are not ended. The St. Louis Republican says that the U. S. District Attorney for the State of Kentucky has been instructed by the Department of State to take hold of the matter. If necessary, the living witnesses will be brought from Prussia.

Special Correspondence Chicago Tribune.

Later from Kansas—Border Ruffian Murder at Fort Scott.

LAWRENCE, May 3, 1858.

A message has this moment reached me from Fort Scott, giving the most distressing account of the outrages upon the free State men. One was brought into the Fort on the 21st of April, and sentenced to be shot. Eight ruffians took him to the timber and drew lots to see who should commit the deed. It fell on Brockett, when he deliberately shot him dead, for no offence but *his opinion*. The District Court is broken up. Judge Williams dares not have Free State men come there. The U. S. soldiers join the guerillas nights, unknown to the officers, to scour the country. Seven have been convicted of this offence.

Nearly all the settlers have left the Little Osage Valley, of all parties. Eight wagon loads of Free State settlers left in one company last week, who tell the most horrible tales of their sufferings. Mapleton, the settlement of the Vermont colony, is nearly deserted. Men are shot down in cold blood without provocation, and all the horrors of the Shannon war are now felt in that distracted neighborhood. Such is the reward of a garrison of troops, when they only aid the tyrant. VIGIL.

THE COMING WHEAT CROP.—Within the past three weeks we have visited many of the northern, western and central counties of the State, and returned surprised at the immense amount of wheat sown this spring. In many counties, from the very best authority, we learn that from one third to one half more seed has been put in, this season than last, and from two to four weeks earlier. Especially is this the case with Dodge, Marquette, Washington Fond du Lac, Columbia, Rock, Dane, Jefferson, Ozaukee, Sheboygan, and the south part of Waushara counties. In Rock, Dodge, Dane, Marquette and Fond du Lac counties the early sowing is finely up and promises well, and farmers are now busy seeding oats, and preparing ground for other crops.

The price being low, it appears to be a settled thing that the more must be raised, and everything available is out at work, from the old gent to the boy of scarce ten summers, with all manner of implements and styles of teams. In the western part of Dodge, eastern part of Marquette, and in Fond du Lac counties, we notice farmers have concluded to sell, and are busy hauling to the different stations on the railroads. The price ranges for wheat from 45 to 52 cents, and oats sell at 16 cents per bushel. With the sale of wheat comes money in some instances sufficient for farmers to pay their indebtedness to merchants, which will have a brightening influence upon the faces of those who have waited, long have waited for their just dues, and to relieve all classes, and to restore the confidence so thoroughly shaken the past six months.

The wheat crop of Wisconsin for 1858 will be large—at least one third greater than that of '57, and unless we are much mistaken, will be a better brand. The season so far could not have been beat—just rain and sun enough to make the face of mother earth fairly laugh for joy.—We tell you, gentlemen, the times are coming out all right, and from the experience learned the past winter, our business men will take profit.—*Horicon Argus*, May 5.

THE INVESTIGATING REPORT.—The law directing the printing of this report and testimony, required that it should be completed to-day. But the report has not yet been made to the Legislature. The printing of the testimony and documents is about completed, and the printers are now waiting for the report.

It will probably be made next week, and be upon the desks of members the second day thereafter.—*Madison Argus*, May 8th.

☞ The schooner Metropolis, which passed down yesterday, got aground on Forty Mile Point, Lake Huron, and was obliged to jettison 5,000 bus. wheat in order to get off. Her hull was uninjured. She loaded at Chicago for Buffalo.—*Detroit Adv.*

☞ The barque Badger State, Capt. Cross, which arrived here Tuesday evening, was minus her main top mast, and her mainmast badly sprung. She will have a new mainmast put in this week.

The brig O. P. Williams, which arrived Wednesday night, was short a fore top mast.—*Buffalo Express.*

☞ The schooner Fred Hill of Milwaukee, with a cargo of lumber for this port, went ashore a few miles below here on Wednesday night last. The Insurance Co.'s steam tug Salvor got her off the next day and towed her in. We do not learn that she incurred any damage.—*Chicago Press*, May 10.

Schooner Sunk.

OSWEGO, May 10.

The schooner Arcadian, bound from Bayfield to Oswego, with wheat, came into collision yesterday with the schooner Lucy J. Latham, off Big Sodus, and sunk immediately afterwards.

The crew was taken on board the L. J. Latham and brought into port.

WANTED IMMEDIATELY.

ONE OR TWO GOOD NEWS COMPOSITORS wanted at this office immediately, to whom steady employment will be given. may11

INFANTICIDE.—On Sunday the body of an evidently new-born infant was found in the woods west of Gifford's nursery, not far distant from the Spring Street road, by some children who chanced to ramble out in that vicinity. After some consultation of the people of the neighborhood it was sent in to the police station. It was yesterday examined by Dr. Neuman, who gave it as his opinion that the child had been strangled immediately after birth. The men who brought the body to the station house were acquainted with all the people who live in the vicinity where the body was found, and they think that the perpetrator must have been from some other parts. There were no visible marks of violence upon the body; a large and apparently fine looking child, a boy, and it was thought at the time it was found that it could not have been dead much longer than twelve hours. It was neatly wrapped up in a piece of white cloth, and laid upon its back, and a little picture, representing a child playing with a lamb at its parent's feet, was found on its bosom.

The police are investigating the matter, but the probability is that the perpetrator will never be discovered. No more revolting crime can be imagined than this, the murder of an offspring by its own parent.

"PUT MONEY IN YOUR POCKET."—Every person who consumes gas, if he has any regard for his pocket, should use one of G. W. STERLING's Gas Regulators. By this, from 25 to 50 per cent a month can be saved on gas bills, and in such times as these, this is no trifling matter. We had one of them placed in our office some time since, and we then spoke of it, upon the strength of high testimonials which we had seen in its favor, but we now can speak from what we know, having watched its operations closely, and therefore being able to testify to its merits. Its most desirable feature, is bringing down one's gas bill from *twenty-five* to *fifty-five per cent* a month; this alone would render it a most valuable invention, but it is useful on other accounts than this. It so regulates the pressure, that though a hundred burners be lit, and then all extinguished but two, these will not blow, nor be at all affected by the change of pressure, and in consequence the consumption of gas is very much reduced. By the use of this Balance, or Regulator, the lights are at once brought to their most brilliant condition, and made extremely steady, and mellow, and at the same time the least possible amount of gas is burned. The simplicity of this apparatus renders it almost impossible to get out of order; its low price brings it within the reach of every family, and it is peculiarly valuable to those who have gas burners under the charge of domestics. It has already been extensively introduced into our city, and in every case with the most perfect satisfaction, as the numerous certificates from reliable persons here, which we have been shown, amply testify. Mr. D. BALDIN the owner of the patent, has made this city his permanent residence, and in the course of a few weeks he will call upon most of our citizens, with this valuable invention. Every person who burns gas, should lose no time in procuring one of these Regulators. By doing so, you "will put money in your pocket."

SEVENTH WARD SCHOOL—PRIMARY DEPARTMENT.—The old University Building on Main street being not quite ready yesterday morning, the opening of the Primary Department of the Seventh Ward School was deferred till *to-morrow* (Wednesday) morning, at 9 o'clock. The room will accommodate 150 pupils; is large, airy and well lighted. MRS. PALMER is to be the Principal and will have two assistants. Parents, residing in the Seventh Ward, having children of the proper age to attend a Primary School, will do well to look in at the University Building on Wednesday morning.

THE MAYOR AND COMPTROLLER.—In compliance with the request of the Common Council, Comptroller HATHAWAY left here, yesterday, for New York and Mayor PRENTISS follows to-day, to make the necessary arrangements for meeting the liabilities of the City. In the absence of Mayor PRENTISS, Alderman PHELPS, of the Second Ward, who is President of the Board of Aldermen, becomes *ex officio* President of the Council and Acting Mayor. He will fill the office faithfully and well.

MR. WEINBERG'S CONCERT TO-NIGHT.—A Milwaukee artist of great promise appeals to the patronage of his fellow-citizens to-night. Mr. WEINBERG, an accomplished musician and admirable violinist, gives a concert at Young's Hall.—He offers a very attractive programme and will be assisted by the best vocal and instrumental talent in our city. The "double Concert for two Violins" (Mr. WEINBERG and Dr. FESSEL with orchestra accompaniment, will, of itself, be worth the price of admission. As we are sure that the Concert will be excellent and as we know Mr. WEINBERG to be most deserving, we hope to see him greeted to-night by a full house.

THE MYSTERIOUS MURDER CASE.—The examination of Jumpertz for the murder of Sophie Werner has been postponed until the 17th.—*Chicago Press*.

Jumpertz, whose story we published in the *Sentinel* of Saturday, worked as a journeyman barber in this city for several months, in the employ of Mr. GOETZ. His appearance and general conduct were much in his favor. We believe that he is the owner of a lot in our city, which he purchased while working here last fall or winter.

POLICE COURT YESTERDAY.—James Philips and John Jaeger, intoxicated, fined $1 each and costs.

Christian Toby and Jacob Egvert, and Henry Horsreich were brought up on charge of disorderly conduct; case continued to 11th inst. for examination.

The produce market, yesterday, was dull, with a downward tendency in prices. Holders still evince considerable tenacity in selling at present rates, and buyers are still reluctant to operate extensively. WHEAT—Dull and drooping. The best qualities of club brought 65c, and sales were limited at that. The principal sales were at 62½@63. Prices of No. 1 range from from 60 to 63, the latter for choice samples. Few transactions in winter wheat at 65@70 for red, and 70@80c for white. Choice white is rather scarce, and held at higher figures.

FLOUR—Dull and unchanged. No sales of importance.

FREIGHTS—The schooner Fred Hill was chartered at 5c on wheat to Buffalo. Few vessels in port, and owners more firm.

LATEST NEWS!

BY MAGNETIC TELEGRAPH

Congressional.

WASHINGTON, May 10th.

HOUSE.—Mr. Faulkner of Va., from the Military committee reported a bill making an appropriation for the construction of a wagon road to New Mexico; for the completion of the military road in Washington; and for the completion of the Ft. Ridgely and South Pass wagon road.

Mr. Stanton of Ohio, reported a bill for the survey of Columbia valley, and of the Columbia River.

Mr. J. Glancy Jones, from the committee on ways and means, reported the Post Office, Ocean Mail Steamer and Deficiency and supplementary Indian appropriation bill.

Mr. Zollikoffer from the committee on territories, reported a bill to regulate and make uniform, the right of suffrage in the territories in the United States.

On motion of Mr. Morgan, all the Senate bills of a private nature, on the Speaker's table, were referred to appropriate committees; and it was further resolved that on Friday, all bills not objected to, shall be reported to the House, and finally disposed of.

On motion of Mr. Goode, the 24th and 25th of May was set appart for the consideration of the District of Columbia bills; Mr. Smith from the committee on Territories, asked leave to report a bill to organize the Territorial Government of Nevada; Mr. Cobb objected; on motion of Mr. Kelsey, the House took up and passed the bill providing that when the truth is established that the land warrants for military services are not issued until after the death of the claimant,

The title shall vest in the widow, and if he leaves no widow then on the heirs of the warrantee, and that all such warrants shall be treated as personal chattels.

The House proceeded to the business on the speaker's table, and agreed to the Senates amendment to the Military Academy bill.

They also passed the Senate joint resolution, extending till January next, the time for the President to examine the records of the Naval Courts of Inquiry, to the restriction of navy officers, affected by the action of the retiring board.

The House also passed the Senate resolution, authorizing the President to make suitable acknowledgements to the British naval authorities in Jamacia, for the relief extended to the officers and crew of the steam frigate Susquehanna, who were suffering from yellow fever.

The House next passed the following Senate bills: For enlarging the Detroit and Saginaw land districts; for relief of the Hungarian settlers in Iowa, and authorizing the Secretary of the Treasury to sell the old Custom House and site at Bath, Maine.

The House then proceeded to the consideration of the bill directing the Secretary of the Treasury to pay out of the fund heretofore received from Great Britain under the treaty of Ghent various sums to citizens in Virginia, Maryland, and South Carolina, to compensate them for the loss of their stores during the war of 1812.

Mr. Bliss of Ohio argued that these claims instead of being embraced in are expressly excluded by that treaty. Mr. Garnett replied, saying that the Governor of Va., was interested in the bill, and that under it the slaves are to be paid for at the rate of $380 per head was rediculously low. Whenever the subject of the slave was mentioned, the gent from Ohio and his elder colleague Mr. Giddings, seems afflicted with a species of madness like dogs afflicted with hydrophobia. Great Britain gave a round sum for the satisfaction of the claims, and it was for the U. S. to make the disbursements.—The gent from Ohio, as a trustee, would keep the money in his pocket for his own use, and not pay it to whom it was due.

Would he pay it for slaves, Mr. Giddings said, if it was to be paid to democrats.

Mr. Garnett replied that the Governor of Va., is a democrat, and he wanted the gentleman to be more definite.

Mr. Giddings said he had answered according to the gentleman's remark about mad dogs, which was ungentlemanly.

Mr. Garnett said nothing could be expected from a man who had distinguished himself by blackness of heart, and who was guilty of treason against his country and his God. The speaker called him to order for making personal remarks.

Mr. Garnett said the Speaker should have restrained the gentleman from Ohio.

Mr. Giddings withdrew his remark, he only wanted to show his appreciation of the gentleman's charge and not to insult the house.

Mr. Garnett—I have nothing to retrace.

Mr. Giddings—nor I.

Mr. Garnett—the member has long since placed himself beyond the pale of notice from gentelmen.

The bill was referred to the committee of the whole. House adjourned.

SENATE.—The Senate met at 11 o'clock, and transacted considerable private business thereafter.

The fisheries question was taken up, and Mr. Fessenden made an elaborate speech against the bill and the repeal of the bounties.

Mr. Seward presented the petition of Mayor Tiemann of New York, and the Mayors of Brooklyn and Jersey City, being a committee appointed to consider plans for the improvement of the drainage of those cities. The petition asked action of the Government towards forming walls along water lots; referred to the Committee on Commerce.

Mr. Wilson presented additional documents relative to claims of Maine and Massachusetts, for expenditures incurred under the treaty of Washington; referred.

Mr. Chandler presented a petition from business men on the North Western Lakes, asking for an appropriation to investigate whether Prof. Dallot's theory of foretelling storms, is applicable to the locality of the Lakes; referred.

Mr. Doolittle presented a resolution of the Legislature of Wisconsin, in favor of Grants of Land for a ship Canal around the falls of Niagara; referred.

Mr. Sebastian presented a petition from Prof. Schoolcraft, asking for collecting the materials embodied in his history of the Indian tribes.

Mr. Davis offered a resolution which was agreed to, asking the Secretary of War for information respecting the Mordecai and Belapaines Crimea report.

On motion of Mr. Mallory the Secretary of War was asked for the report of the surveys of the Atriato and Truando rivers.

On motion of Mr. Hunter, a resolution was adopted that the cost of the funeral of Senator Evans be defrayed from the contingent fund.

Mr. Broderick offered a lengthy resolution, the scope of which was charging the post master of San Francisco with malfeasance in office, and requiring to know why the government did not act in the matter.

The resolution for the presentation of a medal to Com. Paulding came up in order, and was postponed.

The bill for the repeal of the fishing bounties act was taken up. Mr. Fessenden made an elaborate argument in support of the continuance of the bounties. The line of his reasoning was, that the governmental policy which bestowed these bounties was to produce a hardy corps of seamen who would be available in naval warfare. Secondly, that this policy had proved effectual for the purpose for which it was intended, and finally that its continuance was absolutely necessary to the navy, whereas its repeal would be disastrous.

Mr. Simmons spoke in favor of the continuance of the bounty, saying, that the repeal of the act would be a most unfortunate species of economy.

Mr. Allen moved an amendment that the bounties cease on the 31st of December 1859.

Mr. Hamlin moved to amend by substituting 1865.

Mr. Crittenden had from his entry into public regarded this as a part of the policies of the Government and he had not found occasion to change his opinion—a bill had passed the house to educate men as farmers and we may equally expect to educate them as seamen; hence he would vote against the repeal.

Mr. Toombs spoke generally against bounties, military, naval and farming, for the reason that Government educates worse and dearer than any body else. This bounty was not organized as a means of founding a nursery for seamen, but only as a drawback on fact.

Mr. Benjamin showed that the bounty received by the fishing vessels was only 100 dollars to 200 each; notwithstanding the repeal of that amount, cod would not cease to be an article of human consumption.

Mr. Collamer had no doubt of the consequence of a sufficiency of cod for the supply of the world, but the Senator must remember that the Receprocity Treaty admits, duty free, fish caught by the provincials, and the effect of the repeal will be to raise Seaman for the British Navy, instead of the United States. Mr. Benjamin replied that the Receprocity Treaty was acceded to by the South with the sole view to the benefit to their Northern brethren, there being no receprocal trade between Canada and the southern portion of the Union.

Mr. Collamer said in reply, that in his opinion the South acceded to the Reciprocity Treaty, with the view of giving Canada all the commercial advantages of a connection with this Union, without her coming into it to disturb the balance of political power between the North and South.

On motion of Mr. Green the subject was postponed until to-morrow, and after an executive session the Senate adjourned.

LATER FROM EUROPE.

Arrival of the Steamer Vanderbilt.

NEW YORK, May 10—The steamer Vanderbilt arrived at an early hour this morning, with London dates of the 28th ult.

News meagre from Liverpool. Breadstuffs moderately active, at full rates for flour and wheat, and stiffer prices for corn. Buyers demanded a reduction for the latter.

A slight improvement in the London breadstuff market. American flour scarce.

Liverpool Cotton market firm, at Friday's prices. Sales, Monday and Tuesday, 114,000 bales, of which 5,000 were for speculation and export.

London money market firmer, with a slight improvement in consols, the closing quotations on Tuesday, being 97⅞ for money; 97⅞@98 for account.

Grand Trunk R. R. advanced ½ per cent; Illinois Central declined slightly; N. Y. Central firmer.

Political news unimportant.

Business in England was generally stagnant. France is to send a private Commissioner to China. The elections in Paris have resulted in the choice of two Government Candidates and one opposition, the latter being Jules Favre.

There is an immence increase in the French Navy budget for 1859. Paris papers, however, deny that there is any increase in the French armament. The iron masters in France have petitioned the Government for an increased duty on foreign iron. The trade of Paris has been seriously checked by the violent comments of Parisin Journals on the acquital of Bernard, but at last advices it was declining. Court Esterhazy, the Austrian Ambassador to St. Petersburg, has resigned the post. Austria and Prussia have come to an amicable arrangement as to their policy in the Holstein affair.

In the House of Commons, Gen Reed stated in reply to a question that the whole cost of the India war would be defrayed by the East India Company.

The consideration of the bill providing for the Government of India, was set down for Friday.

The clause in the budget imposing a penny stamp duty on checks, was adopted without discussion.

The exise duties bill had passed through a second reading.

An Amendment offered to the increase of the spirit duty in Ireland, having failed by a vote of 27 to 35. The opposition being confined to Irish members.

The Sardinia Chambers have adopted the principles of the Conspiracy bill, by a large majority.

There is another dispute between England and Persia; the latter country have taken possession of territory in Afghanistan, and detained a great number of Afghans.

Washington Items.

NEW YORK, May 10.

The House Committee on Territories have authorised their chairman to report a bill for the organization of a territory west of Utah, to be called Nevada.

They have also authorised Mr. Zollikoffer to report favorably on a bill to make uniform the exercise of the right of suffrage in the several territories, confining the same to citizens of the United States, native born and naturalized.

The Washington correspondent of the Times says Mr. Slade, of the recent firm of Lawrence, Stone & Co., in his examination before the Tariff Investigating Committee, accounts for nearly the whole of the $87,000 expended by Lawrence, Stone & Co., to facilitate the passage of the bill.

Between sixty and seventy thousand dallars is shown to have been put into Walcott's hands, but whether he paid it out or pocketed it, is not known. The remainder of this sum was distributed among outsiders. No members of Congress received any but one, who borrowed $1000 and repaid it.

The object of Lieut. Gen. Scott's visit to Washington is to decide upon the description of volunteers to be called out and the place where they will be stationed, all three regiments will be mounted and employed to protect Indian frontier and occupy the various military posts from which the regiments have been withdrawn.—Secretary of State had asked an appropriation of $30,000 to carry into effect an act for the admission of Kansas into the Union.

The Senate in executive session confirmed a large number of appointments, principally those made during the recess of Congress, including Marshalls, District attorneys, Land officers and Post masters, those from New York, Baltimore, Boston and Philadelphia were also sent in, nearly 200 in all not acted upon.

Later from Utah.

ST. LOUIS, May 10.—The Independence Despatch announces the arrival of Mr. Mason, who left Camp Scott on March 3d. His news is not important. Gen. Johnson was anxiously awaiting the arrival of Capt Marcy. The health of the army was remarkably good; provisions were becoming scarce, but supplies were expected from Fort Laramie. Mason was detained seventeen days on account of snow storms. He met Col. Hoffman's command 14 miles beyond Fort Kearney. One thousand two hundred troops have arrived here within three days.

The Republicans Leavenworth correspondent notices a rumor from Camp Scott that Captain Marcy cannot re-enforce General Johnson until the end of June the Republican discredits this editorially and states that Marcy would not be detained more than ten days waiting for re-enforcements organized by General Garland and would then be in a condition to march to Camp Scott in forty days.

Several Santa Fe merchants arrived Saturday bringing no news of importance. They suffered terribly from storms and cold weather, every train leaving a greater or less number of animals; all the streams were high and water covered the plains.

The Indians met on the way reported the loss of nearly all their animals by extreme cold.

They met immense herds of buffalo within a days ride of the settlements in Kansas.

The democratic convention of the 4th inst., unanimously nominated James Craig for re-election to congress.

Maj. Gen. Smith and staff leave here for Leavenworth. This Smith's health is much improved.

A Settler for the News.

We have already alluded to the fabulous claim, set up by the *News*, of an Administration triumph at the Charter Election in Hudson, St. Croix County, and cited the Hudson *Chronicle* to disprove the *News'* assertion. Lest, however, the *News* should demur to the sufficiency of the evidence (the *Chronicle* being a Republican paper) we now copy what the Hudson *North Star*, the Democratic organ, has to say on the subject. The *News*, it will be remembered, thus concluded its fancy sketch of this pretended "Buchanan and Lecompton" victory:

> We will mention, as *doing justice* to Mr. Day, the new Mayor of Hudson, that he is enthusiastic in support of Mr. Buchanan's administration, Lecompton and all. Every man elected on the same ticket also is the friend of the National Administration.

To this the *North Star* responds as follows:

> The above article requires no comment—the readers of this paper know how the Lecompton policy of the administration is looked upon by the democracy of St. Croix county. But, for the edification of the writer of the above, and "as doing justice to Mr. Day," we would say that our newly elected Mayor *does not* support the administration as regards the Lecompton Constitution, and furthermore *we do not believe there are twenty-five voters in St. Croix county who are in favor of this administration measure.* Mr. Day was elected as a democrat, without regard to his views upon Lecompton; and in claiming his election as a Lecompton victory, the *News* is altogether mistaken.

Will the *News* please copy the above, and retract its libel upon Mr. Day and the Democrats of Hudson and St. Croix County?

The Country Pacified.

> The smoke of the late battle has not yet quite rolled away, but enough of the field has been discovered and the results are sufficiently visible, to convince any fair mind that it will prove utterly impossible to any longer convulse the country, or exasperate any portion of the people in regard to Kansas matters. At Washington scarcely a single sign remains to indicate that a number of Democrats have been at variance with the President and the National Democratic organization. It is all quiet; all harmony; and nothing is to be done now, but the work that is called for by the permanent interests of the country and the party of the country. There are no longer different parties in one organization. The National Democracy are once more as one in sentiment, one in operations, and solidly united for present and future struggles.—This is the political spectacle which the capital of the nation presents to the eyes of rejoicing millions.—*News of Saturday.*

The *News'* powers of vision are extraordinary. But then it sees through Post Office spectacles, and allowance must be made for its superior optical facilities. The "country pacified," the Democracy "one and indivisible;" the Kansas question "settled," "agitation" stopped; "all quiet," and "all harmony" &c. &c. are very good things to say, but exceeding difficult, just now, to realize. The Spring elections, all over the country, tell a very different story and in a very few weeks there will come an echo from Kansas which even the deaf partizans of the Administration will admit to be thunder.

NONSENSE!—The opposition journals are full of rejoicings over the election, the other day, in Indianapolis. What fools! We pity the man among our readers who does not know that Indianapolis has always been in opposition to the Democratic party.—*News.*

Our neighbor the *News*, is kept busy accounting for Buchanan defeats in all directions. But its explanations are not always happy and rarely reliable. Take the above as a sample. Indianapolis, instead of having been "always in opposition to the Democratic party," has repeatedly given Democratic majorities. As to the recent election, the Indianapolis *Journal* says:

> Our opponents never worked so energetically, or so constantly, never spent as much money or time, in any election before. Every appliance of electioneering, from imported votes to lager beer, was used to the utmost. Every corner of the city was penetrated and canvassed, and every voter was talked to and worked upon. No effort was spared in any direction. But the worst defeat that the Democracy ever suffered has been the result. To the Germans, who hate slavery with a genuine hate, and who have stood fast against all appeals to their prejudices, and against a perfect storm of lies about the Republicans; and to many of the Irish, who find the Lecomptonites use them but never pay them, and that no Irishman was ever elected by Democrats, as well as to the steadfast Republican vote, this result is attributable. It shows how the people regard the work their representatives have done.

THE ACQUITTAL OF DR. BERNARD IN FRANCE.—The recent acquittal of Dr. Bernard, the alleged co-worker with Rudio, Orsini and others, the conspirators against the life of Louis Napoleon, by an English jury, has, as might have been expected, excited the wrath of the French Government. The Press of France may be considered the mouth piece of the Emperor, as no newspaper there dare give its opinion upon any public question, if such opinion were antagonistic to the views of the French despot.

Le Constitutionnel of Paris wrote thus on receiving the news:—"No honest man in France or England can doubt the guilt of Bernard. We will only say to those of our neighbors who desire the maintenance of good relations between the two countries, that if the speech of Mr. Edwin James, filled with gall, with calumnies, and with insults against the Emperor, the people, the army, and our institutions, should unfortunately be circulated in France, in the cities, the barracks, and the country towns, it would be difficult for the Government, with the best intentions, to stay the effects of public indignation."

It ever has been the pride of Englishmen, that the shores of Britain were an asylum for refugees from every land, and it is to be rejoiced at, however we may condemn conspiracy and assassination, that the dictation and threats of the French tyrant are powerless beyond the Straits of Dover.

BRUTAL ASSAULT UPON A SCHOOL TEACHER.—A few days since a teacher named Keith, in a district school not far distant from Chicago, sent home a son of one S. A. Doolittle, a disobedient scholar. The father, feeling himself aggrieved, resolved to punish the teacher, for which purpose he employed two ruffians who proceeded to the school house and maltreated the teacher in such a manner that his life is despaired of.—One of the scholars, a brave lad, came to his teacher's assistance, and dealt one of the rascals a severe blow with a club over the eye. A reward is offered for the arrest of either the ruffians or the man Doolittle, who hired them to commit the outrage.

SENSIBLE PEOPLE.—The people of Brunswick, Maine, voted on Tuesday to reject a Charter for a City Government. This is the first case on record where a village has discovered beforehand that the glory of being "a City" does not compensate for the increased expense.

There are not a few ambitious young Cities in Wisconsin, which would pay handsomely to get back to the simple, efficient and economical machinery of Town or Village Government.

AN INDIAN CHIEF DEAD.—The Ripon *Times* says that Wauseca, the young Winnebago chief, is dead. His body was brought by his tribe and deposited in their favorite burying ground, on the banks of the Lemonweir. He died of consumption, which is said also to be carrying off great numbers of the Indians.

ANOTHER GUN!—The Anti-Lecompton Ticket in York, Pa., was elected by a majority of 1081 Why don't the Democracy stop "agitation?"

RESIGNATION OF JUDGE KERR.—We learn that Judge KERR, of the South Eastern Circuit in this State, has sent in his resignation to Gov. RANDALL, to take effect in a short time. The Bar and the public will regret the retirement of Judge KERR, for he is an ornament to the Wisconsin Bench; learned, honest, prompt, industrious and impartial.

We have heard the names of Mr. Speaker LOVELL, of Kenosha, Hon. JNO. F. POTTER, of Walworth, and Messrs. D. NOGGLE and J. H. KNOWLTON, of Rock, suggested as fit candidates for this vacancy. The appointment rests with Governor RANDALL.

SETTLING IN NORTHERN WISCONSIN.—The Hudson *Star* of last week says "we are informed by the officers of the Land Office in this city, that in *two days*, (Monday and Tuesday of this week,) 26,000 acres of land were entered by actual settlers, and that there are at least a million acres yet belonging to the Government.—There are many strangers in town, and others coming on every boat.

"Come along, come along, make no delay,
Come from every nation—come from every way;
Our lands, they are broad enough, so don't you be alarmed,
For Uncle Sam is rich enough to give us all a farm."

INFANTICIDE AT ROSENDALE.—The Ripon *Times* of last week says: "Our City has been, for the past three days, all excitement, in consequence of an examination that is yet in operation, relating to a case of murder, which was perpetrated, as admitted by the mother of the child, about three weeks ago, in the house of C. F. Rogers of Rosendale.

The weight of suspicion now rests upon Miss Nichols, the mother of the child, James Stevens and a Frenchman by the name of Sanco, but, as the investigation is in progress as we go press, we defer any further comments and a full detail of the case till next week."

BOARD OF VISITORS, WEST POINT.—The Board of Visitors to examine the West Point Cadets, this year, consists of the following gentlemen:—Rhode Island, Francis J. Dickman; Delaware, Andrew C. Gray; Arkansas, Albert Pike; Virginia, P. Henry Aylett; South Carolina, C. W. Dudley; Tennessee, George W. Rowless; Kentucky, Thomas C. Crary; Indiana, John W. Davis; Illinois, Robert E. Goodell; Michigan, James L. Glen; Missouri, James A. Scott; Texas, Gen. James W. Speight; California, J. L. Brent. Visitors from New Hampshire, Vermont and New Jersey are yet to be appointed.

'INDEPENDENCE BELL.'—The old Bell at Philadelphia used to ring out the death-knell of British oppression in America. On Tuesday it tolled at the funeral of the buried hopes of Democracy.

The motto on this time-honored Bell is, "Proclaim Liberty throughout all the Land, unto all the inhabitants thereof." This it was that rang out, loud and clear, on Tuesday evening last.

[From the Philadelphia Press, 6th.

The People's Response to Lecompton.

At the *early* hour at which this article is written, we can do no more than speak of the general result of yesterday's election. Enough is known to authorize us in announcing the election of the entire "People's Anti-Lecompton Ticket," for city officers, by a decided majority.

The causes which produced this result are so plain that they may be understood by all men.—The test that the support of a miserable swindle should be made the touch-stone of fidelity to the Democratic party, and the scandalous character of this swindle itself, in their effect upon other organizations, paralyzed the Democracy on the one hand, and organized, consolidated, and strengthened a new party on the other.

The endorsement of the Lecompton policy of the general Administration at the State Convention, though earnestly protested against by The Press, and by the most emphatic public opinion, was consummated by the votes of delegates to that Convention from this city, in the face of their known feelings against it. This high-handed action, so repugnant, in all its aspects, to the sentiments of the people, and at war with honest principles and precedent, was followed up by the removal of some of the best men from office, who would not approve the surrender of principle involved in the Lecompton Constitution, and by a course of vituperation of others, not in office, who had taken the same position. A portion of the Federal patronage in this city had been distributed on the same theory, of punishing men who had been true to principle, and of rewarding those who had deserted it. All these causes made the people eager for a chance to speak out, and the election yesterday was the first great occasion that presented to the voters of this powerful city to express their sentiments; and the manner in which this was done was most significant and admonitory.

Mr. Vaux, the Democratic candidate for Mayor, had given no public expression on the disturbing question of the day. The Convention that nominated him refused to endorse Lecompton; and his friends confined themselves to local issues. His adversaries spoke of him kindly and he was advocated by some of the best talent in the Democratic party. Although it is known that thousands of men voted for him, because of his silence on this question, who never would have touched his ticket had he taken ground for Lecompton, and although he was backed by his own immense patronage, and by that of the Federal Government, and by the prestige of the party nomination, yet it is clear that thousands of Democrats staid away from the polls, or openly voted against him.

Mr. Henry on the other hand, was nominated as the anti-Lecompton candidate. He and his friends went before the people armed with the record of the scandalous frauds in Kansas, the proscriptions and tests of the advocates of Lecompton, and, above all, *with the creed of the Democratic party on the subject of popular sovereignty.* Their speakers and their writers made this the burden of their appeals. The result is before the world.

Their appeals were answered by the loss to the Democratic party of this proud metropolis; by the loss of thousands of old-line Whigs who voted with us in 1856, on the strength of our pledges; by the loss of the German vote; and by the loss of many thousands of Democrats, who either refused to go to the polls, or voted for Henry. As if to make bad worse, the English trick came in, just in time to aggravate the public feeling, and to re-animate the People's party.

Such is the penalty which the Democratic party is compelled to pay for this unfortunate and fatal policy.'

Such is the popular comment on the grave official argument that, by forcing the people of Kansas to accept a hateful Constitution, the issue would be "*localized.*"

SUNSET COX.—Cox, the vascillating Ohio M. C., whose surrender to the Administration shows him to be either very weak or to have his price, is thus dismissed to the land of the setting sun by the Cincinnati *Gazette*:

"The sun of Cox has set. Of all the weathercocks of the day, he is one of the most remarkable. At the first dawn of the Douglas rebellion, this ambitious young fowl crowed most lustily of all. From this time forth, Mr. Cox may hang up his violin. There is no more hard work for him to do in Congress after his term is out. A true, honest, manly course would have ensured his re-election. We venture to say that he could not have been defeated had he been willing to go before the people next fall simply on the Lecompton issue. But he has changed sides just in the critical moment. The Republicans of his district are relieved from the unpleasant duty they would otherwise have had, of giving him their support."

INFLUENCE OF THE SMILE IN GIVING BEAUTY TO EXPRESSION.—A beautiful smile is to the female countenance what the sunbeam is to a landscape. It embellishes an inferior face and redeems an ugly one. A smile, however, should not become habitual, insipidity is the result; nor should the mouth break into a smile all on one side, the other remaining passive and unmoved, for this imparts an air of deceit and grotesqueness to the face. A disagreeable smile distorts the line of beauty, and is more repulsive than a frown. There are many kinds of smiles—each having a distinctive character—some announce goodness and sweetness—others betray sarcasm, bitterness and pride—some soften the countenance by their languishing tenderness—others brighten it by their brilliant, spiritual vivacity.—Gazing and poring before a mirror cannot aid in acquiring beautiful smiles half so well as to turn the gaze inward, to watch that the heart keeps unsullied from the reflection of evil, and illuminated and beautified by sweet thoughts.

A gentleman, who takes a business view of most things, when recently asked respecting a person of quite a poetic temperament, replied: "Oh, he is one of those men who have soarings after the indefinite, and divinings after the unfathomable, but who never pays cash."

From the Missouri Democrat.

Democracy in General, Indiana Democracy in Particular.

The National Democratic party have certain attributes, which, if national, are also cosmopolitan. Fraud, cunning, hypocrisy are not limited by State lines, nor by isothermal, or even ethnological lines. These vices are antagonistic to our national character; but to whatever extent they prevail in this country, they are freely and profusely represented by the only national party—as it delights to call itself. But different divisions of it are characterized by local peculiarities. The Virginia Democracy cherish abstractions; the South Carolina Democracy worship at the altar of Southern rights; the Missouri Democracy revel in border ruffianism, (except when Sharpe's rifles are seen in the distance,) and the Indiana Democracy are preeminent in capacity for plots, treachery and base intrigue. English comes up to the level of Bright; and Niblack is as impudent an impostor as Fitch, and a later though a lesser renegade. The representatives are not equal to the unelected senators. It was an Indiana Democrat who was designated "a dirty dog and a great liar." Alas! the dogs are getting no cleaner, and the liars have not ceased to lie!

The *English bill* is a true growth of the National Democracy, and of the Indiana variety.—It is a combination of casuistry and corruption—a compound of dodge and a bribe. The Buchanan Administration governs by the spoils.—The National Democratic party is governed by the spoils. Votes are purchased by offices, Measures are carried by large apportionments of plunder. The Cabinet that disposed of the military reservations by stealthy sale, that gave out the Utah commissariat contracts surreptitiously, might well advise the engineers in Congress to try the virtue of a land bribe in aid of the Lecompton Constitution. Secretaries and Senators, whose voracity for plunder had devoured the ground of the United States, might pardonably think that a bribe of four or five million of acres would prove irresistible to the people of Kansas.

The National Democratic party might also think that the means by which they were themselves enslaved was, after all, the most effectual means of enslaving the people of Kansas. But they (we may well believe) who could not be intimidated by terrorism cannot be seduced by corruption. Tried in the furnace, they have acquired a stern logic which no casuistry can perplex, and a virtue which no temptation within the power of the juggling fiends of the government can shake. We are not ignorant that there are a few in Kansas who would seal their own shame, and sell the cause by accepting the bribe. They style themselves conservatives. Conservatism! the last alias of cowardice and corruption.

No Guns from Pennsylvania.

The cannons that exploded at the Federal capital in honor of the victory of power were no inappropriate tribute to the official sentiment of that disfranchised district. The beautiful city of Washington is dependent upon patronage for its existence. A large portion of its population is made up of individuals in place, and other expectant influences. Its aristocracy are the old families who have been accustomed to look to the departments for support since the days of Washington. It is the headquarters of the Southern *regime*—a Senate controlled by Southern votes, and a House mastered by the same power. It is appropriate to such a place, that such a victory as that of Friday should be duly celebrated. It was well for Toombs to shout, for *he* was a victor; and it was well for Clancy Jones and Senator Bigler to expatiate for their State, though hundreds of thousands of Democrats protest against the wrong. All this was in character; the stage, the scenery, the actors, from the master, Toombs, to the miserable sycophants from the North who followed him—it was harmonious and happy.

It was right, too, if Washington was made a scene of official revelry and artillery over such a victory, that Pennsylvania should be a silent, if not a surprized, spectator of the scene. She saw with undazzled eye the great fraud so pompously sanctified in the political metropolis, and unaffected by the threats of the South, she did not hesitate to denounce it. No guns were fired from Pennsylvania in its honor.—*Philadelphia Press.*

A True Story of a Robin.

We doubt if the records of ornithology can furnish a more striking instance of affection and sensibility than is displayed in the following story of a robin, which we can vouch to be authentic:

"The servant of a lady residing at the north part of Brighton, whilst occupied one day in the scullery, was startled by a noise, which at first was supposed to be occasioned by a mouse, but, on examination of the various pots and pans in the place, she at length discovered the true origin of the disturbance. It was a young robin, which had found its way into a bright copper coal scuttle. She succeeded in capturing it, and took it into the parlor to her mistress, where it soon made itself quite at home, and ate the sopped bread which was placed on its little beak.—In a short time it was quite happy in its comfortable quarters; but, as some of its habits were not quite consistent with the cleanliness of a lady's sitting room, and the lady had no wish to confine it to a cage, full opportunity was given to the little stranger to recover its liberty, by the window being thrown open. Of this opportunity, however, the robin only availed itself to a certain extent—that is, it would fly out, but invariably return at a certain hour of the day, and its practice was then to perch upon a certain flounce of the lady's dress, and then looking into its mistress's face, it would pour forth its cheerful little song. This went on for some time, until, one afternoon, when the robin was in its accustomed place, a friend called who wished the lady to accompany her for a walk, and then came the question, what was to be done with the robin? There it was, on its favorite flounce, and the lady was prisoner until it flew off. It had not yet sung its song, but its mistress, anxious to join her visitor, at last took up a handkerchief, and waving it, said, 'You must go now, Bobby. Good bye.' The bird took the hint immediately, and flew out of the window.

On the following day its coming was looked for at the accustomed hour, as a matter of course; and the window was left open as usual. But no robin came. Another and another day passed, until at last it was given up for lost, to the infinite regret of the lady, and the great indignation of the old servant, who, sympathising with the bird, said, 'Of course Missus couldn't expect Bobby to return after being treated in such a manner.' There was, however, no help for it.—Every reparation would have been made and apology offered that could heal the wound inflicted upon the bird's feelings; but, like a slighted lover or injured friend, he kept aloof.

"And now comes the most singular story.—One day the lady who had owned the Robin was walking by herself along Rose-hill terrace, when suddenly she was alarmed and almost blinded by something striking against her face. She thought at first that it was a stone thrown by some careless boy; but on recovering from the confusion of the moment, to her utter astonishment she perceived the true perpetrator of the assault. There on a paling close by, sat the robin—her own Bobby, singing his old song as loudly as ever; and having finished it, he again took flight. And from that moment the lady has never seen the bird.

"We can vouch for these facts, singular as they may appear, and affording as they do such powerful evidence, not only of the intelligence and affection of the robin, but of the acute sensibility of the bird; its almost human power of 'taking to heart' and resenting what had the appearance of an act of unkindness."—*Brighton Guardian.*

Dr. Hare turning Coppers into Gold by Spiritual Agency.

Dr. Hare, of Philadelphia, who, like many other "scientific men," has been for some years on the very verge of going crazy from his overweening personal vanity, has at length it seems, completed the process, and turned stark mad on the subject of turning copper cents into gold by spiritual alchemy.

The Spiritual Telegraph gives the following account of the Doctor's alchemy:

A common manifestation, or one that is frequently made by Dr. Hare, is the changing a copper cent in a few minutes' time, into a piece of gold. The Doctor has quite a number of pieces of gold, all of which have been made by the spirits from copper cents. He showed me a solution of Russia platinum, made from the ore by the spirits. Also a piece of pure silver, weighing 3,980 grains, which had been converted into a fluid state by the spirits, and then changed back to the original solid mass. He placed at one time a number of coins of different kinds—gold, silver and copper—into a glass jar, closely corked, and then put the jar containing the coins into an empty wooden box, which was then also closed. In three minutes—the Doctor standing by with watch in hand—it was changed into a two-dollar-and-a-half gold coin. After he had examined it, and placed it in a jar, and then in the box, in five minutes it was converted into the same kind and number of coins he had put in. On another occasion, he placed a number of coins of different kinds, in like manner in a jar, and had them converted into a solid mass in a few minutes. The spirits then changed this solid mass of metal into the same number and kinds of coin he had put in.

THE CHINESE.—In a country where the roses have no fragrance, and the women no petticoats; where the laborer has no Sabbath, and the magistrate no sense of honor; where the roads bear no vehicles, and the ships no keels; where old men fly kites; where the needle points to the south, and the sign of being puzzled is to scratch the antipodes of the head; where the place of honor is on the left hand, and the seat of intellect is in the stomach; where to take off your hat is an insolent gesture, and to wear white garments is to put yourself in mourning—we ought not to be astonished to find a literature without an alphabet and a language without a grammar. If we add that for countless centuries the Government has been in the hands of State Philosophers, and the vernacular dialects have been abandoned to the laboring classes, (I am about in the next few words to call forth the execration of every Sinologue in Europe and Asia) we must not be startled to find that this Chinese language is the most intricate, cumbrous and unwieldy vehicle of thought that ever obtained among any people.

There are 18 distinct languages in China, besides the Court dialect; and although, by a beautiful invention deserving of all imitation, the written language is so contrived as to denote by the same character, the sound of each of the 18 different words, all of which it equally represents, this is of no great use among the multitude who cannot read.

There is not a man among our Chinese scholars who can speak three of these languages with fluency, and there is not one who can safely either write or interpret an important State paper without the assistance of a "teacher."—*Hong Kong Correspondence of the London Daily Times.*

TO THE LADIES OF LYNCHBURG.—Come and see, you lame and suffering! Oh, you Rheumatic and Dying, you shall be relieved in twenty minutes by the application of Prof. De Grath's Electric Oil, from No. 39 South Eighth st., Philadelphia. More than thirty have been cured in this place, in the last few days, of Rheumatism, Sprains and Bruises, Sores, Fresh Cuts, Swollen Glands and Neuralgia, relieved in from three to twenty minutes. Better still: Mr. Welch, of Buchanan, had been lying in his bed over a month with Swollen Glands in his throat, and the doctors gave him up of being cured. Last Saturday, a week ago, he was taken very suddenly and could not breathe, and all expected him to die. Mr Williams, a merchant of Buchanan, advised his wife to apply some of Prof. De Grath's Electric Oil. She did so, and in fifteen minutes it broke, and he was entirely relieved. One gentleman came up to the Agent of Prof De Grath, at the Market House, with the Rheumatism in his ankle, of six month's standing, unable to walk, and was relieved in fifteen minutes by the application of the Electric Oil. Don't be without it. It is a family medicine.

WOOD'S HAIR RESTORATIVE.—This wonderful preparation is having an extensive sale in all parts of the Union. It is one of a few patent medicines which are now sold over the country, that are really what their inventors claim for them. Wherever it has had a fair trial, the result is precisely as Wood predicts. It has never failed to turn the white hair back to the natural color, where the directions have been strictly followed, and in numerous cases it has restored the hair upon heads that have been bald for years. It is not pretended that it will make the hair grow in every case, but where it fails there is certainly no remedy. The restoration of the hair has been effected in so many instances where the case seemed utterly hopeless, that it is certainly worth while for all who have lost their hair to try the experiment of using a bottle or two of Wood's Restorative.—*Moline Workman.*

AGENTS WANTED.
THE GREAT GIFT SALE of Gold Pencils, by A. H. Wilford & Co., Washington City, D. C., offers an excellent chance to Agents to make a few dollars with little or no expense. We are manufacturing and selling beautiful solid Gold Pencils for $5 each, (the actual retail price,) and giving each purchaser a gift, worth from two dollars up to two hundred dollars. Each purchaser of a Pencil is sure of a $2 gift at least; or it may be worth $5, $10, $15, $20, $30, $50, $75, $100, or $200. The prizes are distributed to purchasers by a simple plan of drawing, and as soon as the name of a purchaser is received with the $5, his Pencil and Gift are put in a small box, in a safe manner, and sent to the owner by mail, post paid. Our plan gives perfect satisfaction, as each purchaser can sell or trade his Pencil for all it costs him, and retain the gift *gratis*.
We want a good agent in every part of the country, to solicit purchasers, and a good agent, to be successful, should first have a Pencil and Prize to exhibit. We allow an agent one dollar cash for each purchaser he obtains, which amount he may retain out of the $5; and the first person becoming a purchaser at any post office, will receive the agency for that neighborhood.
A NEW AND IMPORTANT IDEA.
We propose to let a person know what gift he will draw, before requiring any money to be sent. Any person desiring one of our massive Gold Pencils can first send us their name and address, and we will make their drawing and inform them by return mail what prize they drew. They can have the privilege of sending for it if they choose. We cannot, however, give this privilege but once to any person, and we make this offer to establish Agencies, and introduce our Pencils in a neighborhood. After a person becomes a purchaser and accept the agency, we require all persons in that locality to send their $5 in advance through him. Purchasers may rely upon it that we will promptly forward their Pencil and Prize, whatever it may be, by return mail, on receipt of the $5. Full particulars, with a plan of distribution, will be sent to each person making application for a drawing. Address

MEDICAL.

ONE DOLLAR
WILL BUY

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums. Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely or ever failed to cure Liver Complaints in their worst forms.

INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.

JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR came to us recommended to us as a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Fact.*

We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as Dr. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

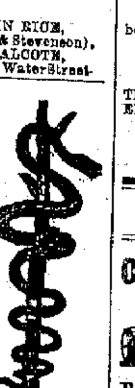
AYER'S
CHERRY PECTORAL!



FOR THE RAPID CURE OF
Coughs, Colds and Hoarseness.

BRIMFIELD, Mass., Dec. 20th, 1855.
Dr. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your *Pectoral* myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, Miss., Feb. 7, 1856.
BROTHER AYER:—I will cheerfully certify your *Pectoral* is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Monterey, Ia., writes 3d Jan., 1856: "I had a tedious influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your *Pectoral* by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.
SIR:—Your *Cherry Pectoral* is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.
HENRY L. PARKS, Merchant.

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to these the *Cherry Pectoral* affords relief and comfort.

Consumptives do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

TO THE AFFLICTED.

DR. TILTON, having returned from his Southern tour, has taken rooms at the Massasoit House, Chicago, where he will now remain permanently.—Those who suffer from Consumption, Indigestion, Nervous Debility or Weakness, will do well to call on him and have his advice. His

GREAT EAST INDIA REMEDIES,

Which he discovered in Calcutta after many years of research and labor, have become so thoroughly known and appreciated, that an attempt has been made by a few avaricious parties, with the expectations of gain, here and elsewhere, to counterfeit it; therefore, Dr. Tilton cautions the public not to buy this worthless drug as the genuine, no matter how represented, as no one but himself in the United States has possession of the original receipt. Dr. Tilton may be consulted at Room B, Massasoit House, Chicago, where he last year succeeded in successfully curing hundreds of terrible cases of Consumption, Nervous Debility and Indigestion, Asthmas, Bronchitis, Coughs and Colds. The Cannabis Indica and Lung Balsam, are the greatest blessings of the age. Give him a call, or send for a bottle of medicine which will cost you two dollars. Address,
DR. TILTON,
Box 1109, Chicago, Ill.

N. B.—I have not, nor never had, any connexion whatever with a person calling himself Dr. Gilbert, on State Street, Chicago. I have no agent or successor here, or elsewhere. ap29g482d1mJJG

RETIRED PHYSICIAN,

SEVENTY-FIVE YEARS OF AGE, whose sands of life have nearly run out, discovered, while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds and General Debility. The remedy was discovered by him, when his only child, a daughter, was given up to die. Wishing to do as much good as possible, he will send to such of his afflicted fellow-beings as request it, this recipe, with full and explicit directions for making it up, and successfully using it.—He requires each applicant to inclose him one shilling—three cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertisement.

DYSPEPSIA AND FITS.
DR. TRACY DELORME,

THE Great Curer of Consumption, was for several years so badly afflicted by Dyspepsia, that for part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given by a mere child, while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of FITS and DYSPEPSIA. The ingredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage. Address Dr. TRACY DELORME, Great Curer of Consumption, New York Post Office.

Being long established on a cash basis, the troubles of the credit system affect us in no material particular.

During "hard times" the security of reliable Insurance is an imperative duty—the ability of property owners to sustain loss being then much lessened.

NEW FAMILY SEWING MACHINES.

Latest Improvement—Watson's Patent.

THE MANUFACTURER and Agent desire to call the attention of the public to this cheap labor saving machine, and now, since the great improvements which have been added to it, recommend it with the utmost confidence, as it has been in operation in this city a sufficient length of time to prove its utility. These machines are made strong and durable, and with one-fourth part of the care required to manage a higher priced machine. They will do as much work, and as well as the most expensive. Each machine is thoroughly tested before it is sold, and warranted to give satisfaction, if the instructions are followed with even an ordinary amount of care, and will be kept in order one year free of charge.

Price of improved machine, complete, (including stand.) $25. Persons wishing to purchase a machine are invited to bring their work with them and test the machine to their entire satisfaction, before purchasing.

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT
G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis.

MEDICAL.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth
One to three bottles will cure the worst kind of pimple on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.
